COSTUMEMANAGER.COM

In an endeavour to continue to become the most efficient and well run dance studio in the area, we are moving to a new costume system that will benefit everyone. During Halloween parties, we will measure all recital students for costumes. We will give you your child's measurements and show you a picture of his or her costume. You will then take those measurements and log into www.CostumeManager.com where you will be able to choose you child's size and pay for the costumes at your convenience instead of it being drafted from your account. The ordered costumes will then come prepackaged with your child's name and size, sorted by class straight to the studio. Included in each costume package will be detailed instructions from YOUR HOUSE regarding how to get to the recital. This is a HUGELY efficient process that allows you more control in sizing you child and paying when you want. Detailed instructions will be given out during Halloween parties and then available in the office and posted online for your convenience. If anyone would like help with ordering process, please feel free to make an appointment with the office and we will be happy to help you!
